## Our Cyclists enjoy the Summer

Our cyclists thoroughly enjoyed a 3 day tour of the Cotswolds, in June. speeding from Oxford to Stratford upon Avon, on to Gloucester and back to Oxford, enjoying refreshments stops on the way (see the photo!).

Our new sports groups are being well supported by members in Walking Football, Walking Netball, and Rounders. Croquet, Walking, Walking with Your Camera groups are all meeting normally. Gardening members are visiting each other's gardens, in groups of six; Badminton, Table Tennis, Line Dancing, German beginners and our Strings & Things Music groups are meeting, following the "Rule of Six" indoors too.

## New Bridge Course

Many of our groups have used technology to meet throughout lockdown, enjoying family history, learning a language, creative writing, arts and crafts, etc.

Our Bridge players have a new course for beginners planned for October. We've planned organised excursions, including a very popular trip for fish and chips on the south coast! And everything we plan is always in line with current government guidance.

## Our Meet and Greet Day

You can apply for our u3a membership via our website , or ring 07787 520 281, if you're not on-line. However plans are in place for a Meet and Greet Day on September 8<sup>th</sup>. Do come and meet some of us in person in Queen Mary's Hall at QMC, before you decide to join us, with plenty of members around to ask about all the exercise, fun and learning available to you, for just one single annual membership fee.

## You may Spot us in the Park

We're planning two 'picnics in the park' for August, in Stratton Park and Popley Fields, for members on either side of town to celebrate meeting up again. So, do come and say hello, if you see us there.

## You Won't be the Only One if You're not On-line

We keep in touch with all our members regularly, including those who aren't on-line.  
Join us, we'd love to meet you!
