

We are edging ever closer to the reopening of the Centre on Monday 6th September and are looking forward to welcoming you and your groups back, after such a long time!

We have a shiny new Centre Administrator, Victoria Moody, who will be your first port of call in relation to bookings, and her email address is

bookings@oww.church

Please make sure you update this information in your contacts.

The Centres Management Team have made a few small changes from the pre-Covid era to ensure the smooth and safe operation of the building.

The Pre-school has thrived during the lockdowns and now has 30 children due in September, all arriving for a 9-9.15 start.

For Health and Safety reasons the Centre will not open until 9.30, so any bookings will now need to start at 9.45.

To this end, we will not be expecting visitor's cars to be arriving in the car park any earlier than 9.30 either.

Also for insurance purposes, the group leader/hirer should be the first and last person in the building, and will be responsible for maintaining the following guidance..

All visitors to the Centre should continue to wear masks when walking around the communal areas, both up and downstairs, but it will be down to the individual group leaders to decide on mask wearing once you are safely ensconced in your room. This will also apply to the numbers attending each session in the room.

We have found, when re-opening the church, that some people are more wary than others, and would urge you to be mindful of this at all times.

We will be contacting you for hire dates and times in the week beginning 16th August as the office will be closed mostly between 30th July and then.

I hope you have a good summer and manage to enjoy any sunshine that's around,

With blessings,

Penny
