Lots of Walking and a Bit of History too

Our walking group is making the most of the summer and recent trips have included the Castle at Odiham, the Motte Ringwork at Woodgarston and the old church at Medstead. At the same time our cycling group, not content with just exploring France, has recently returned from a trip to Germany as well!

Our other outdoor groups are all in full swing too. There is still exercise to be had with walking netball, football, and croquet, alongside indoor groups like skittles, dancing, badminton and table tennis.

Keep the 14th September Free

As always, we have our indoor groups enjoying all kinds of card and board games, reading, learning, painting, quizzing, and making things together as well. Some of us will be meeting over the summer holidays; others may take a short break.

Our u3a membership year starts in September, and to make sure we cover as many interests as possible, our committee is busy asking members for new ideas. A Current Affairs Group maybe?

Our 2022 Meet & Greet Day is planned for 14th September in Queen Mary's College. All our group leaders will be there to introduce themselves and tell you about their activities. And we'd love to meet you there.
