

PERSONAL MEMBERS' RISK ASSESSMENT

u3a Name:	Date:
Name of person completing risk assessment:	
Interest Group (if applicable):	
Description of Activity (if applicable):	

This risk assessment is to help identify personal risks you may experience. This is useful if you feel you are vulnerable and need to make considerations for the activities you participate in. You should think carefully about any specific risks you may encounter during a u3a activity. Where you identify a particular risk you should note the actions you will take to reduce the risk, and you can always add to this if you identify a new risk

You also need to decide whether you need to inform your Group Leader of your medical or mobility needs in case there is a medical emergency or evacuation situation.

What is the potential risk?	How do you usually manage this risk?	Does this risk affect how you participate in u3a activities?			What accommodations do you need?
		Yes	No	N/A
