

# OUR CREATIVE GROUPS SET TO WORK ON THEIR FIRST EXHIBITION

## Interested in Seeing What Our Members Make Together?

There's a wide range of interests within our u3a, and our more creative members come together in groups like calligraphy, art, crafts, patchwork, quilting, creative writing, photography and card making - to name just a few!! Beginners join with more experienced colleagues to learn from them, and everyone is always welcome. We're now very excited that Festival Place has offered us an empty shop in the upper level of the Malls for an exhibition of their work. It will be for two weeks starting in half term, so some of us, with our work, will be around to talk to you and show you what we do. It will be on weekdays from 11am to 4pm, starting on Monday 13<sup>th</sup> February.

## We'd Love to Meet You

Although the sewing and painting is well underway, many of us have joined the u3a for something else. Some dance or sing, walk or cycle, learn about science, or research their family history. Others play board games, cards or take part in sport and quizzes. Many just go on holiday or have a lunch together. We'll have details of all our activities at the exhibition, so if retirement beckons, please drop in to say hello!

Join as many as you want for just ONE membership fee
